IMPORTANT EXPLANATORY INFORMATION

The employee must continue coverage in order for the young adult dependent to be covered. In addition, the young adult must meet the applicable eligibility criteria below. The young adult dependent will be enrolled in their own plan.

A young adult may request to continue or newly enroll as an over-age dependent on his or her parent's coverage even after the child reaches the limiting age under the terms of the policy if the adult child:

- is not yet 31 years old;
- is unmarried;
- has no children;
- lives in New Jersey or, if not a New Jersey resident, is a full-time student at an accredited institution of higher education;
- is not eligible for Medicare and is not actually covered under another group or individual health plan.

A young adult may make the request to continue or newly enroll as an over-age dependent on his or her parent's coverage either:

- when he or she has reaches the limiting age,
- when he or she first becomes eligible for a reason other than reaching the limiting age (for example, the adult child becomes a full-time student in another state, or returns to live in New Jersey after residing elsewhere), or
- anytime the dependent meets the above eligibility requirements.
